# INTRODUCTION OF ALTEO

ALTEO'S ACTIVITIES AT A GLANCE

11 MW

energy storage capacity

60 000 t/a

organic waste traded

636 GWh/a

electricity sold

2010

year of entering Budapest Stock Exchange

224,2 MW

Power plant capacity

783,5 MW

Heat generation capacity

290

employees

587 GWh/a

electricity generated

8210 TJ/a

heat generated

44 Bn HUF

turnover (2021)

270 GWh/a

traded natural gas

545 MW

operated renewable power plant capacity

ALTEO

# History of ALTEO

2008

Establishment of  
ALTEO

2010

Listing on the Budapest  
Stock Exchange (BÉT)

2016

First IPO (BÉT)

2021

BUX membership (BÉT)

**Acquisition of two natural gas fired power plants from E.on**

Start of our power trading business line

**Acquisition of first 3 wind turbines**

**Acquisition of SINERGY from RWE**

Control center. Industrial references. District heat production.

**First solar power plant in our portfolio**

**Building CEE region's first and biggest industrial size battery power storage system**

**Acquisition of a 25 MW wind portfolio, EPC of 22 MW PV**

New business lines:  
waste management, e-mobility

**Acquisition of a 15 MW wind portfolio**

New business line:  
production management of renewables
